

NRSC Education and Outreach

#2 Website Updates

The committee is seeking a volunteer to help update and maintain the NRSC website, which is currently published at <https://cfpoanrsc2021.wixsite.com/website>. It is also accessible through the CFPOA portal at <https://connesteefalls.com/> but it requires a member to login and use a drop down under Board/Committee to locate the NRSC web page.

The site needs improved menu options, updated content and more visual interest on the subpages. Additional content would include the NRSC articles published in the weekly Friday Flyer and the CF monthly e-news.

If you have experience with WIX website maintenance or are willing to learn how to use wix.com website builder, please consider helping the NRSC get the word out by improving our web presence and content.

We welcome your ideas on additional ways to improve our education and outreach efforts. Please tell us what you think we can do better. Please contact ajlongwarenrsc@gmail.com with your suggestions.

Thank you!
